SPRING:
MARCH 23 - MAY 1

BOOT CAMP PROGRAMS: MAY 4 - MAY 22
MISSION STATEMENT
The Flagship Program is a community-school partnership that enhances the social, academic, cultural and physical achievement of Missoula’s youth by creating opportunities that help them to succeed and grow to become healthy and productive adults.

VISION STATEMENT
The Flagship Program aspires to develop a community of engaged citizens through healthy relationships and transformative experiences.

FLAGSHIP is FREE for all CS Porter families.
As a school based program, Flagship aligns with school day expectations on behavior and safety. As a program we have designed our own policies and procedures to meet these school day expectations. If your child has ongoing inappropriate misbehaviors a reflection and discipline referral form will be given.

How do I enroll in programs?
Complete this form & return it to...
   → Porter Flagship Office
   → The Main Office
   → Crew Teacher
Enrollment is on a first come first serve basis, and space is limited.

Your student will receive paperwork that must be completed in order for your child to attend. It is important these forms are returned by the first week of programs.

- **Harry Potter Fan Club**
  While most members of this club are Harry Potter enthusiasts, we also welcome members who are new to the wizard world. Club members will enjoy novel themed activities, foods, art projects, and trivia games. We’ll also enjoy a volunteering project of collecting books for a book drive.

- **Girls Speak Out!**

- **Creative Writing**
  Poets, novelists, short story tellers, and fan fiction writers wanted! Write, share, and develop your ideas in a safe space for writers. We will collaborate on writing projects and enjoy writing prompts in the club.

- **Yoga & Meditation: WINTER**
  Breathe in. Breathe out. This fusion of yoga and meditation will bring movement and breath into our stressful days. Enjoy guided meditations, art projects, and open sharing and deep listening. We’ll talk about what meditating means and what makes it so hard to quiet down our busy brains.

- **Basketball: SPRING**
  Swoosh! In Basketball Club you’ll learn basketball fundamentals of perseverance, respect, teamwork and sportsmanship through games, drills, and fun activities. Work on your shots, dribbles, and tricks. You need no prior experience to join! Our focus is having fun and building skills.
D&D
Dungeons & Dragons is for the adventurous, daring, and courageous! We will not be playing Magic in this club--just Dungeons & Dragons. Come as a newbie or veteran--all are welcome.

Got Science?
This is a place for students who are interested in science and want to continue their interests outside the classroom. What happens when we combine one solution with another? How come we are the way we are? What is a black hole? Find out on Thursdays!

Speech/Debate
Argue with your friends over current events, sports, pop culture, and whether or not pineapple belongs on pizza. Whether you want to become more comfortable with public speaking or start winning arguments with your parents, Speech and Debate has something to offer everybody. After skill-building, coaching, and mentoring we will be traveling to Meadow Hill and Washington for Flagship Speech/Debate meets! This club is generously provided by UM Speech and Debate.

REMINDER:
There is no activity bus at 5:00 pm on Thursdays.

PICK UP TIMES ARE 5:00-5:15 PM.
Please respect our time and arrange to have your student picked up by 5:15 pm at the front of the building, unless otherwise noted.
Art-Time Hang-Out
Let’s get your week’s worth of homework finished before the weekend! After 30-minutes of hard work we’ll enjoy a movie. It might take us a few weeks to finish one movie, but it will make it all the more exciting!

**NEW BOOT CAMP PROGRAMS**

Every day of the week!

| Mon, Tue, Wed, Fri | 3:30 pm - 5:15 pm | Thursday | 2:30 pm - 5:15 pm |

**The Magic of Chemistry**

Week 1 | May 4, 5, 6, 7, 8

Learn the art of book binding in this week-long exploration into art journaling and poetry. We will create our own journals that we will use throughout the week to record our lives in doodles, paintings, and poetry prompts. Come ready to learn the art of recording your surroundings in color, vibrancy, and words!

**Specialty Cooking**

Week 2 | May 11, 12, 13, 14, 15

More and more people today have food allergies, preferences, and stances on food. In this one-week cooking class we'll enjoy preparing food while exploring these dietary restrictions. How do we make lasagna without meat? How do you make cookies without eggs, milk, and butter? How do we make pizza dough without flour? Do these food substitutes taste better, worse, or simply different to you?

**Build It!**

Week 3 | May 18, 19, 20, 21, 22

Come explore the ins and outs of building and engineering. In the one-week boot camp we will be making toothpick bridges, building a cage to protect an egg, and building with robots to complete different challenges.
